This is a list of incidents of cannibalism, or anthropophagy, as the consumption of human flesh or internal organs by other human beings.Accounts of cannibalism date back as far as prehistoric times, and some anthropologists suggest that cannibalism was common in human societies as early as the Paleolithic Era.Historically, numerous tribal societies have engaged in cannibalism, although very ...

List of incidents of cannibalism - Wikipedia

We need to start thinking about a military doctrine that is appropriate to the realities the United States faces in the 21 st century. This should prove to be a painful process because it will be forced by unpleasant realities and will involve changes to long-held and entrenched ideas about who we are and how we use military power to express U.S. concepts and values on domestic and ...

Military strategy and tactics are essential to the conduct of warfare. Broadly stated, strategy is the planning, coordination, and general direction of military operations to meet overall political and military objectives. Tactics implement strategy by short-term decisions on the movement of troops and employment of weapons on the field of battle.
