each class. I'll duplicate 4 cards for each ecosystem, plus one extra set. I randomly call students up to choose from the given cards. If I run out of cards, the lucky student(s) can choose any ecosystem from my extra set. Resources/Note-Taking • Decide on resources.

a Research Project

You may prefer to have your students help research, build, and supply what is needed for each terrarium. If you do, plan on taking at least a week on this project. If money or time is an issue, have each class on your grade level make one and rotate the models or keep them in a central place where they can be observed.
