There are plenty of genres available and you can search the website by keyword to find a particular book. Each book has a full description and a direct link to Amazon for the download.

Ap Statistics Chapter 2b Warm

AP Statistics - Chapter 2B Warm-Ups. 5. I measure a response variable Y at each of several times. A scatterplot of $\log Y$ versus time of measurement looks approximately like a positively sloping straight line. We may conclude that A) the correlation between n time of measurement and Y is negative, since logarithms of positive fractions (such as correlations) are negative B) the rate of growth of Y is positive, but slowing down over time C) an exponential growth model would approximately describe ...
