A good international marketing strategy should rely on the four Ps, just like a domestic marketing strategy. Focus on product, price, parts and promotion. You'll need to avoid a voice too specific to your native country and keep marketing simple, with a clear message that spans cultures.

The Definition of an International Marketing Strategy ...

The development of the marketing mix for that country requires international marketing. This can be as straightforward as an extension of existing marketing strategies to a total customization of the marketing mix (product, price, place and promotion) for a specific country.
