type your username into the search box in the yellow sidebar. To change your details you need to click on 'HELP' in the yellow side bar, then click on the 'USER PREFS' link.

Lesson 13 - Customising your User Lookup - Neopets

Neopets also has a descent HTML guide that you can use for the bare bones of it. Okay, so let's crack on with it. The first thing to note is that any lines of CSS must always be located between two style tags. In the same way that bolded text must be between two `` and `` tags, so CSS needs it's boundaries marked out.

Welcome to Neopets!

CSS = Cascading Style Sheets, pet & user lookups and guilds. URL = Uniform Resource Locator (basically something on the web) HTML Basics. What is HTML? HTML stands for Hyper Text Markup Language. That sounds complicated, but all it means is that it's normal text (just like on a typewriter) just "marked up" so that one document can "hyperlink ...

Nutty's Simple HTML guide

Ouch. Mostly looking for user lookups, as I like the ones my pets have now, but I haven't seen this site. Thanks! Also yes, I have no idea why that means. "Minimalism" to me includes the word functional, so if it's too tiny to see then it doesn't work.
