Politics Of South Asia

While each of the major South Asian countries is studied separately, students are, at the same time, encouraged to analyse political developments comparatively. The course examines the nature of the post-colonial state and the evolution of political institutions and party politics, with a focus on the functioning of democracy and the tendencies towards authoritarianism or martial rule.

History and Politics of South Asia | South Asian Studies

The Politics of South Asia group aims to promote the study of politics in and of South Asia. It provides a forum for scholars of South Asia both within the field of politics and related disciplines to discuss current research and explore and develop future research.

Exploring the Political in South Asia

South Asia is home to one of the world's earliest known civilizations, the Indus civilization, and today is one of the most densely populated regions on the planet. Despite a history of ethnic, linguistic, and political fragmentation, the people of the subregion are unified by a common cultural and ethical outlook; a wealth of ancient textual literature in Sanskrit, Prākṛit, and regional languages is a major unifying factor. Music and dance, ritual customs, modes of worship, and literary ...
