Switch is arranged around a correlation (immediately visual and sticky). When we are making a decision we're often torn between our rational, logical reasons and our emotional, intuitive feelings. Tell the Rider what to do, provide a good argument and the Rider will do it. The Elephant, on the other hand, represents our emotions, our gut response.

### Switch: How To Change Things When Change Is Hard

Switch Review. I love that they used one analogy throughout Switch, which made it very easy to follow along. Definitely one of the best books out there on behavioral change. Powerful read for managers too! Read full summary on Blinkist >> Free Preview >> Learn more about the author >>

Second, Switch is not a self-help book. I have no doubt that the book could be used in this way, but it is really a book about how to change things. It is primarily directed toward organizational change, though its principles are much broader. And there are many surprises. The first big surprise occurs in the very first chapter.
