### The Four Minute Mile

A four-minute mile is the completion of a mile run (1,760 yards, or 1,609.344 meters) in four minutes or less. It was first achieved in 1954 by Roger Bannister, at age 25, in 3:59.4. The "four-minute barrier" has since been broken by over 1,400 male athletes, and is now the standard of all male professional middle distance runners in cultures that use Imperial units.
