The Rational Optimist: How Prosperity Evolves. Life is getting better—and at an accelerating rate. Food availability, income, and life span are up; disease, child mortality, and violence are down — all across the globe. Though the world is far from perfect, necessities and luxuries alike are getting cheaper; population growth is slowing; Africa is following Asia out of poverty; the Internet, the mobile phone, and conta.

Rational Optimist Book | Matt Ridley

Read Book The Rational Optimist How Prosperity Evolves

The Rational Optimist is a 2010 popular science book by Matt Ridley, author of *The Red Queen: Sex and the Evolution of Human Nature*. The book primarily focuses on the benefits of the innate human tendency to trade goods and services. Ridley argues that this trait, together with the specialization linked to it, is the source of modern human civilization, and that, as people increasingly specialize in their skill sets, we will have increased trade and more prosperity.

Amazon.com: Customer reviews: The Rational Optimist: How ...

In his popular science non-fiction book *The Rational Optimist: How Prosperity Evolves* (2010), British businessperson Matt Ridley posits that the exchange of goods and services in a capitalist system is a natural result of human biology and the foundation on which society is built.

The Rational Optimist: How Prosperity Evolves Summary

...

The rational optimist takes a very calculated look at life and makes all worry come to reasonable light. The future and life are much better than the media makes it seem. I would recommend this for both optimists and pessimists alike, the arguments are well formed and difficult to deny.

The Rational Optimist: How Prosperity Evolves: Ridley ...

Prosperity comes from everybody working for everybody else. The habit of exchange and specialization—which started more than 100,000 years ago—has created a collective brain that sets human living standards on a rising trend. The mutual dependence, trust, and sharing that result are causes for hope, not despair.
